2019 Audit Plan

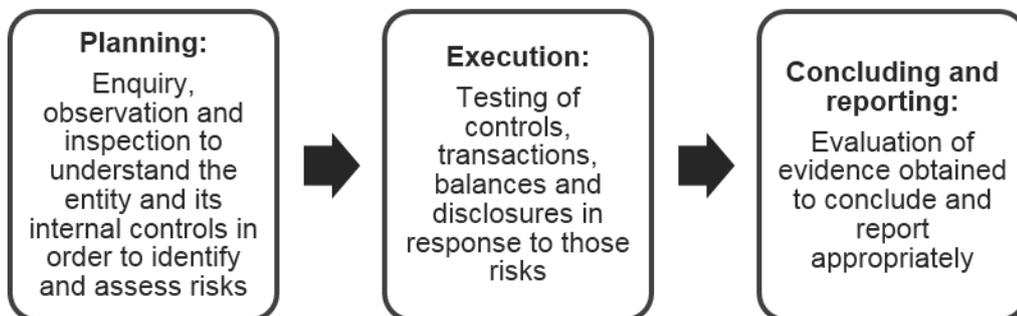

Summary

- 1 As your external auditor, my objective is to carry out an audit which discharges my statutory duties as Auditor General and fulfils my obligations under the Public Audit (Wales) Act 2004, the Local Government (Wales) Measure 2009 (the Measure), Wellbeing of Future Generations (Wales) Act 2015, the Local Government Act 1999, and the Code of Audit Practice, namely to:
 - examine and certify whether your financial statements are 'true and fair';
 - assess whether you have made proper arrangements for securing economy, efficiency and effectiveness in the use of resources;
 - audit and assess whether you have discharged the duties and met requirements of the Measure; and
 - undertake studies to enable me to make recommendations for improving economy, efficiency and effectiveness or for improving financial or other management arrangements.
- 2 The purpose of this plan is to set out my proposed work, when it will be undertaken, how much it will cost and who will undertake it.
- 3 My responsibilities, along with those of management and those charged with governance, are set out in [Appendix 1](#).

Audit of accounts

- 4 It is my responsibility to issue a certificate and report on the financial statements which includes an opinion on their 'truth and fairness'. This provides assurance that the accounts:
 - are free from material misstatement, whether caused by fraud or error;
 - comply with statutory and other applicable requirements; and
 - comply with all relevant requirements for accounting presentation and disclosure.
- 5 I also consider whether or not Wrexham County Borough Council (the Council) has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources and report by exception if the Annual Governance Statement does not comply with requirements.
- 6 [Appendix 1](#) sets out my responsibilities in full.
- 7 The audit work I undertake to fulfil my responsibilities responds to my assessment of risks. This understanding allows me to develop an audit approach which focuses on addressing specific risks whilst providing assurance for the financial statements as a whole. My audit approach consists of three phases as set out in [Exhibit 1](#).

Exhibit 1: my audit approach

8 The risks of material misstatement which I consider to be significant and which therefore require special audit consideration, are set out in **Exhibit 2** along with the work I intend to undertake to address them. Also, included are other key areas of audit attention my team will be focusing on.

Exhibit 2: financial audit risks

Financial audit risk	Proposed audit response
Significant risks	
The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk [ISA 240.31-33].	My audit team will: <ul style="list-style-type: none"> • test the appropriateness of journal entries and other adjustments made in preparing the financial statements; • review accounting estimates for biases; and • evaluate the rationale for any significant transactions outside the normal course of business.
Other areas of audit attention	
New accounting standards. IFRS 9 financial instruments applies from 1 April 2018 and brings in a new principles-based approach for the classification and measurement of financial assets. It also introduces a new impairment methodology for financial assets based on expected losses rather than incurred losses. This will result in earlier recognition of expected credit losses and will impact on how the bad debt provision is calculated. IFRS 15 revenue from contracts with customers introduces a principles-based five-step model for recognising revenue	My audit team will assess the likely impacts of the new IFRSs and undertake work to respond to any identified risks of material misstatement.

Financial audit risk	Proposed audit response
<p>arising from contracts with customers. It is based on a core principle requiring revenue recognition to depict the transfer of promised goods or services to the customer in an amount that reflects the consideration a body expects to be entitled to, in exchange for those goods or services. It may also require more extensive disclosures than are currently required.</p>	
<p>General ledger. We have identified a potential weakness in access to the General Ledger and Accounts Payable systems. We are currently in discussions with officers to determine what impact this will have on the accounts produced and our audit work.</p>	<p>My audit team is working with the Council to establish audit procedures to gain assurance over the underlying financial systems.</p>

- 9 I do not seek to obtain absolute assurance on the truth and fairness of the financial statements and related notes but adopt a concept of materiality. My aim is to identify material misstatements, that is, those that might result in a reader of the accounts being misled. The levels at which I judge such misstatements to be material will be reported to the Audit Committee prior to completion of the audit.
- 10 For reporting purposes, I will treat any misstatements below a 'trivial' level (the lower of 5% of materiality or £100,000) as not requiring consideration by those charged with governance and therefore I will not report them.
- 11 My fees and planned timescales for completion of the audit are based on the following assumptions:
- the financial statements are provided in accordance with the agreed timescales, to the quality expected and have been subject to a robust quality assurance review;
 - information provided to support the financial statements is in accordance with the agreed audit deliverables document¹;
 - appropriate accommodation and facilities are provided to enable my audit team to deliver the audit in an efficient manner;
 - all appropriate officials will be available during the audit;
 - you have all the necessary controls and checks in place to enable the Responsible Financial Officer to provide all the assurances that I require in the Letter of Representation addressed to me; and

¹ The agreed audit deliverables document sets out the expected working paper requirements to support the financial statements and include timescales and responsibilities.

- Internal Audit's planned programme of work is complete and management has responded to issues that may have affected the financial statements.
- 12 In addition to my responsibilities in respect of the audit of the Council's statutory financial statements set out above, I am also required to certify a return to the Welsh Government which provides information about the Council to support preparation of Whole of Government Accounts.
- 13 In addition to the audit of the accounts, I have statutory responsibilities to receive questions and objections to the accounts from local electors. These responsibilities are set out in the Public Audit (Wales) Act 2004:
- Section 30 Inspection of documents and questions at audit; and
 - Section 31 Right to make objections at audit.
- 14 Audit fees will be chargeable for work undertaken in dealing with electors' questions and objections. Because audit work will depend upon the number and nature of any questions and objections, it is not possible to estimate an audit fee for this work.
- 15 If I do receive questions or objections, I will discuss potential audit fees at the time.
- 16 My audit fee for this work is set out in [Exhibit 3](#).

Certification of grant claims and returns

- 17 I have been requested to undertake certification work on the Council's grant claims and returns.
- 18 As was the case last year, the Welsh Government will not require me to provide any report of factual findings related to any activity levels or outcomes.
- 19 My audit fee for this work is set out in [Exhibit 3](#).

Overall issues identified

- 20 I will issue a separate report on the findings from the grant certification audit work undertaken in 2017-18.

Financial audit fee, audit team and timetable

Fee

- 21 Your estimated fee for financial audit work for 2019 is set out in [Exhibit 3](#).

Appendix 1

Respective responsibilities

Audit of accounts

As amended by the Public Audit (Wales) Act 2013, the Public Audit (Wales) Act 2004 sets out my powers and duties to undertake your financial audit. It is my responsibility to issue a certificate and report on the financial statements which includes an opinion on:

- their 'truth and fairness', providing assurance that they:
 - are free from material misstatement, whether caused by fraud or error;
 - comply with the statutory and other applicable requirements; and
 - comply with all relevant requirements for accounting presentation and disclosure.
- the consistency of information in the Annual Report with the financial statements.

I must also state by exception if the Annual Governance Statement does not comply with requirements, if proper accounting records have not been kept, if disclosures required for remuneration and other transactions have not been made or if I have not received all the information and explanations I require.

The Public Audit (Wales) Act 2004 requires me to assess whether Wrexham County Borough Council has made proper arrangements for securing economy, efficiency and effectiveness in the use of resources. To achieve this, I consider:

- the results of the audit work undertaken on the financial statements;
- Wrexham County Borough Council's system of internal control, as reported in the Annual Governance Statement and my report thereon;
- the results of other work carried out including work carried out under the Local Government (Wales) Measure 2009 (the Measure), certification of claims and returns, and data-matching exercises;
- the results of the work of other external review bodies where relevant to my responsibilities; and
- any other work that addresses matters not covered by the above, and which I consider necessary to discharge my responsibilities.

The Public Audit (Wales) Act 2004 sets out the rights of the public and electors to inspect Wrexham County Borough Council's financial statements and related documents, to ask me, as the Appointed Auditor questions about the accounts and, where appropriate, to challenge items in the accounts. I must also consider whether in the public interest, I should make a report on any matter which comes to my notice in the course of the audit.

My audit work does not relieve management and those charged with governance of their responsibilities which include:

- the preparation of the financial statements and Annual Report in accordance with applicable accounting standards and guidance;

- the keeping of proper accounting records;
- ensuring the regularity of financial transactions; and
- securing value for money in the use of resources.

Management agrees to provide me with:

- access to all information of which management is aware that is relevant to the preparation of the financial statements such as records, documentation and other matters;
- additional information that I may request from management for the purpose of the audit; and
- unrestricted access to persons within Wrexham County Borough Council from whom I determine it necessary to obtain audit evidence.

Management will need to provide me with written representations to confirm:

- that it has fulfilled its responsibilities for the preparation of the financial statements;
- that all transactions have been recorded and are reflected in the financial statements;
- the completeness of the information provided to me for the purposes of the audit; and
- to support other audit evidence relevant to the financial statements or specific assertions in the financial statements if I deem it necessary or if required by ISAs.

Performance audit

The Public Audit (Wales) Act 2004 requires me, by examination of the accounts or otherwise, to satisfy myself that the body has made proper arrangements for:

- securing economy, efficiency and effectiveness in its use of resources; and
- that the body, if required to publish information in pursuance of a direction under section 47 (performance information) has made such arrangements for collecting and recording the information and for publishing it as are required for the performance of its duties under that section.

The Measure places a general duty on improvement authorities to 'make arrangements to secure continuous improvement in the exercise of [their] functions'. It also places specific requirements on authorities to set improvement objectives, and to publish annual improvement plans and assessments of performance. Improvement authorities are defined as county and county borough councils, national park authorities, and fire and rescue authorities.

The Measure also requires me to carry out an improvement assessment for each improvement authority every year, to determine whether the authority is likely to comply with its general duty and requirements of the Measure. I must also carry out an audit of whether the authority has discharged its improvement planning and reporting duties.

The Auditor General may also in some circumstances carry out special inspections (under section 21), in respect of which he will provide a report to the relevant authorities

and Ministers, and which he may publish (under section 22). The Auditor General will summarise audit and assessment reports in his published Annual Improvement Report (under section 24). This will also summarise any reports of special inspections.

Section 15 of the Well-being of Future Generations Act (Wales) 2015 requires me to carry out examinations of public bodies for the purposes of assessing the extent to which it has acted in accordance with the sustainable development principle when:

- (a) setting well-being objectives; and
- (b) taking steps to meet those objectives.

I must carry out such an examination of each public body at least once during a five-year period. Before the end of the period I must report on the results of those examinations to the National Assembly.

Other future developments

A. Forthcoming key IFRS changes

Exhibit 6: changes to IFRS standards

Standard	Effective date	Further details
IFRS 16 leases	Expected in 2020-21	IFRS 16 will replace the current leases standard IAS 17. The key change is that it largely removes the distinction between operating and finance leases for lessees by introducing a single lessee accounting model that requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. It will lead to all leases being recognised on balance sheet as an asset based on a right of use principle with a corresponding liability for future rentals. This is a significant change in lessee accounting.

B. Good Practice Exchange

The Wales Audit Office's GPX helps public services improve by sharing knowledge and practices that work. Events are held where knowledge can be exchanged face to face and resources shared on line. The main areas of work are regarding financial management, public-sector staff and governance.

[Further information, including details of forthcoming GPX events and outputs from past seminars.](#)

C. Brexit: preparations for the United Kingdom's departure from membership of the European Union

In accordance with Article 50 of the Treaty of Rome, on 29 March 2019 the United Kingdom will cease to be a member of the European Union. Negotiations are continuing, and it currently remains unclear whether agreement will be reached on a transition period to 31 December 2020, or whether a 'no deal' immediate exit will take place next March.

The Auditor General has commenced a programme of work looking at the arrangements that the devolved public sector in Wales, including all NHS bodies, is putting in place to prepare for, and respond to, Britain's exit from the European Union. This will take the form of a high-level overview to establish what is being put in place across the Welsh public sector, and what the key issues are from the perspectives of different parts of the Welsh public service.

The Auditor General intends to carry out this initial work in two tranches. In autumn 2018, he issued a call for evidence to compile a baseline summary of arrangements being put in place. This will be followed up by further audit fieldwork in spring 2019.

The aim is to produce a report in summer 2019. The report's key messages and recommendations will be framed in the context of the UK moving to a new relationship with the European Union by the end of the planned transition period.

However, if it becomes clear that the UK is likely to leave the European Union without a Withdrawal Agreement (the 'no deal' scenario), we will publish a report as early as possible in 2019, ahead of the UK leaving the European Union on 29 March.
